WMC
WISCONSIN'S BUSINESS VOICE

They Should Be Voting “NO” on EFCA!

In 2007, the misnamed “Employee Free Choice Act” (EFCA) was passed by the House of Representatives, but was narrowly blocked in the Senate. Similar legislation was recently introduced as H.R. 1409 and S. 560.

EFCA would make it easier for unions to organize in your business. EFCA would eliminate the right to a secret ballot in a union organizing election, impose contracts based on the decisions of federal arbitrators, and increase fines and penalties for employers.

ACTION:

Please call U.S. Rep. Steve Kagen and U.S. Sen. Herb Kohl and explain how EFCA would impact your business and your ability to create and retain jobs in your community.
