Who Do I Call?

WMC STAFF CAN ASSIST IN MORE WAYS THAN YOU CAN IMAGINE.

Members tell us that WMC membership often pays for itself many times over because it provides them access to their own lobbying team and subject matter experts. It's true, we're on call, ready to hear your concerns and answer your questions.

- Do you need a speaker to introduce or facilitate a policy discussion among your members, employees or customers?
- Is your business or industry struggling with an issue or regulation and in need of advice or representation?
- Are you giving a speech and in search of talking points on pro-business positions?
- Would you like a status update on pending legislation affecting your business?
- Are you writing your newspaper editor, or elected official, wanting to get the business viewpoint heard and read?

Every day we are researching, testifying and advising. We are there when decisions affecting Wisconsin business are made. Don't hesitate to include WMC in your plans!

HERE'S HOW TO CONTACT US ...
