When you get your health insurance premium increase, pick up the phone and call Governor Jim Doyle at (608) 266-1212 and tell him what you think of Wisconsin's Hidden Health Care Tax.

Then, call (800) 362-9472 and tell your legislator what you think, too.

You probably think the hike was too much.

But, the Governor and the Legislature have a little secret. They're forcing you to pay higher health care premiums because they're not paying for the full cost of medical care for Wisconsin's poor.

In fact, they shifted at least \$450 million in costs in 2004, and you paid Wisconsin's Hidden Health Care Tax.

Please, call the Capitol today and tell them: Repeal Wisconsin's Hidden Health Care Tax! Stop driving up my health care costs!

**Call your legislator  
at (800) 362-9472:**

**“Repeal Wisconsin’s Hidden  
Health Care Tax! Stop driving  
up my health care costs!”**
