

## ENVIRONMENTAL SERVICES

Have you made  
your choice?  
**AMERICA HAS!**

*American BUSINESS HAS SPOKEN.  
Crystal Clean is now the fastest growing  
parts cleaning company in America. But  
we don't stop there. Whether your needs  
include parts cleaning, drum waste  
disposal, absorbent, aqueous filtration,  
used oil collection, vacuum services or  
other environmental needs, there is one  
logical choice - CRYSTAL CLEAN.*

member-only pricing and partnership discounts.

### Why Choose Crystal Clean?

**S**ervice employees – Satisfied employees provide better service. Our dedicated professionals and the superior service they provide are the reason so many have chosen Crystal Clean.

**E**quipment – Crystal Clean's parts cleaning equipment is some of the newest equipment available in the marketplace today. Newer equipment provides more reliable, consistent performance.

**R**euse – Crystal Clean's Reuse Program for used parts cleaning solvent represents a true reuse of your spent material into usable products allowing our customers to dramatically reduce their regulatory burdens.

**V**ehicles – The average age of Crystal Clean's route service fleet is less than half the age of some of our competitors' fleets.

**I**nsurance – Crystal Clean's liability and pollution legal liability insurance coverage is among the strongest in our industry.

**C**ompliance History – Crystal Clean's excellent regulatory compliance record is the result of a proactive approach to work with regulators to ensure our customers' materials are managed in an environmentally compliant manner.

**E**conomic Stability – Unlike many companies in the environmental industry, Crystal Clean is financially strong. This strength is built on the foundation of our solid relationships with tens of thousands of loyal customers.

*As American business has discovered, if your company wants true SERVICE, Crystal Clean is the only answer to help you overcome your environmental challenges ... **If that isn't enough, we can also help save you money.***
