Tell Your Legislator: Let the People Decide!

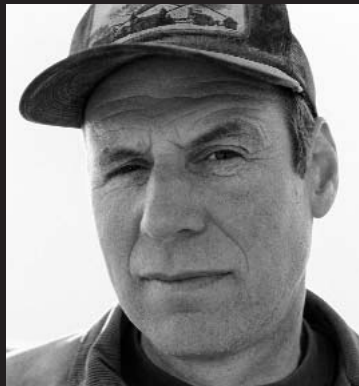

Wisconsin has the fifth highest taxes in America. We all know it's a problem. But nothing seems to get done.

They say they're going to cut taxes, but our tax bills go up and up and up. Year after year after year.

Fortunately, the Wisconsin Taxpayer Protection Amendment would put strict limits on taxes and fees. It allows a vote of the people to exceed the limits, and requires tax cuts — once and for all. And *YOU* would get to vote to approve the amendment!

But some legislators aren't too sure about giving you a chance to vote on the amendment. Call your legislator. Right now. Support the Wisconsin Taxpayer Protection Amendment so voters get to be heard.

Let the people vote on controlling taxes! Let the people decide!
