

# Save the Date!

## October 1-2

### Worker's Compensation Symposium

*October 1*

This symposium provides human resource professionals, safety professionals, employers, insurers, and health care providers with important legal and compliance assistance for some of the most challenging employment laws and regulations.

Who should attend:

- Human Resource Professionals
- Law Professionals
- Business Owners
- Claims Managers
- Insurers
- Anyone who works with worker's compensation issues

### Safety Forum

*October 2*

The annual Safety Forum will provide attendees with a full day of safety courses featuring a variety of topics. The event will have three specialized tracks for manufacturing, construction and human resources, in addition to keynote speakers and networking opportunities. This is a can't-miss fall event for all safety professionals.

Who should attend:

- Corporate Safety Directors
- Safety Managers
- Risk Managers
- Safety Coordinators
- EHS Professionals
- Anyone who works in the safety industry
